Flower Bulbs Holland

Dear client,

This is our spring flowering bulbs catalogue. Spring flowering bulbs are an important part of the gardening range calendar. We offer a comprehensive range of prepacked and loose bulbs (in crates). Every year with some new varieties for the garden, patio and balcony.

Our family has been growing bulbs in Voorhout for over 175 years. Most of the bulbs we export, are grown on our own nursery. We have a permanent exhibit at the famous Keukenhof, so should you be in Holland this spring, we would love to show you around.

In short, our efficient company is your best partner in bulbs.

Yours faithfully,

John Prins
