

Bare Root Perennials
Spring 2024

Dear Customer,

We are pleased to introduce our new 2023 / 2024 catalogue of bare rooted perennials and summer flowering bulbs.

In front of you lies our catalogue with a completely new layout. Our trusted quality will be the same. This new layout will make it easier to browse through the over 600 different varieties that we export from The Netherlands.

The varieties in this book are carefully selected by a team of growing and marketing specialists. A lot of varieties have proven themselves in the recent years. For example, the Canna Sol series. This short and compact Canna is available in different flowering colors and is very popular for the patio.

Useful information about plant tags can be found on page 3.

Please don't wait too long to place an order as some varieties will sell out!
You may always add on other varieties to your order later.

If there are any varieties you are looking for not listed, please ask us for availability.

We are looking forward doing business with you.

Additions 2024

Aster divaricatus **'Beth Chatto'**

This Aster is a bushy, upright plant native to eastern N America with dark purple stems and heart-shaped green leaves. The plant is insensitive to powdery mildew.

Dahlia **'Happy Days Lemon'**

The Happy Days Lemon dahlia has a fresh, lemon-yellow color with dark red foliage. This dark-leaved dahlia is also suitable for cut flower production.

Eryngium planum **'Blue Hobbit'**

Eryngium planum 'Blue Hobbit' is a compact cultivar with small, steely blue flowerheads.

Filipendula **'Red Umbrellas'**

This hybrid is created from a crossing between *Filipendula multijuga* and *Filipendula palmata*. The large, hand shaped, incised leaves have purple veins. It blooms with panicles of fluffy little flowers.

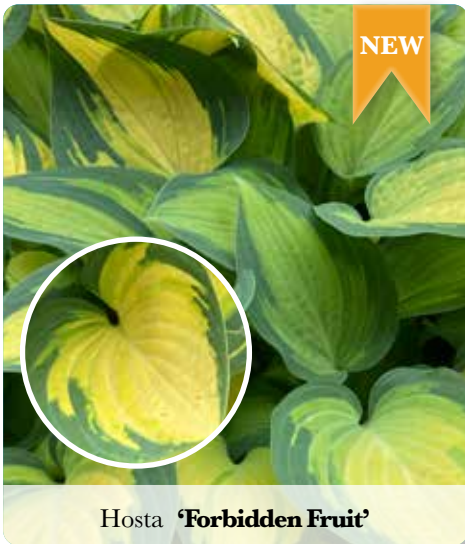

Geranium **'Bloom Time'**

Geranium 'Bloom Time' is a pink flowering variant of the Geranium 'Rozanne' and flowers just as long.

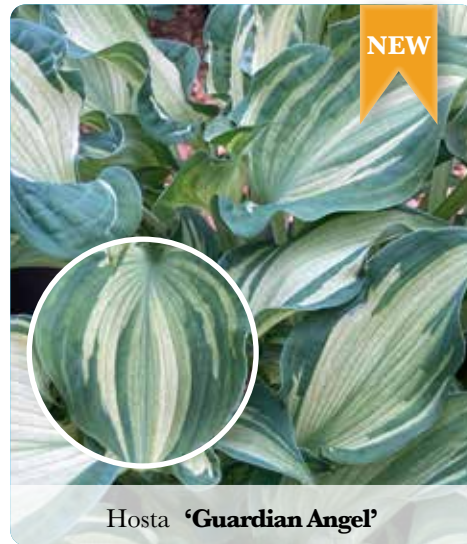

Geranium **'Elworthy Eyecatcher'**

This garden Geranium blooms abundantly with cerise pink flowers. Continues to bloom until the first frost period. It works as a ground cover.

Hosta **'Forbidden Fruit'**

Sturdy orange-yellow leaves with a broad blue-green edge, fully tetraploid sport of 'Orange Marmalade'.

Hosta **'Guardian Angel'**

Unusual light green colored leaves with dark green edge.

Lilium **'Tiny Double Dutch'**

This lily is as compact as all other tiny lilies in our catalog. The flower is double and bright orange. Orange is the color of the Dutch royal family.

Lilium **'Roselily Esra'**

As the name Roselily says, this type of lily shows rose like flowers. This variety has lilac flowers.

Lilium **'Roselily Nowa'**

As the name Roselily says, this type of lily shows rose like flowers. This variety has two colors. The heart is lilac and the edge is lilac mixed with white.

Mukdenia *rossii* **'Karasuba'**

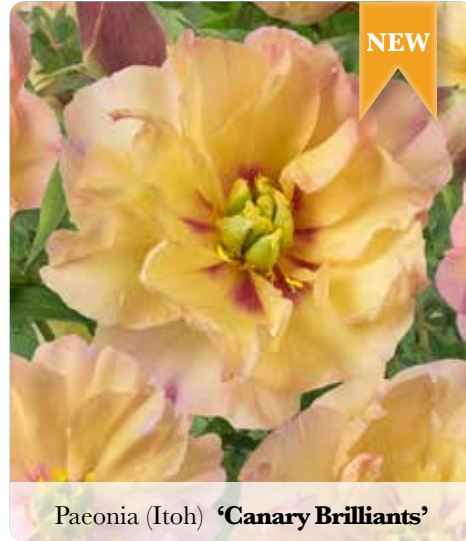

This cultivar with incised leaves is still green at first. As soon as it gets colder purple-red flames and rays begin to draw the leaf. Umbels with white flowers, of which the eye (the ovary) turns red.

Additions 2024

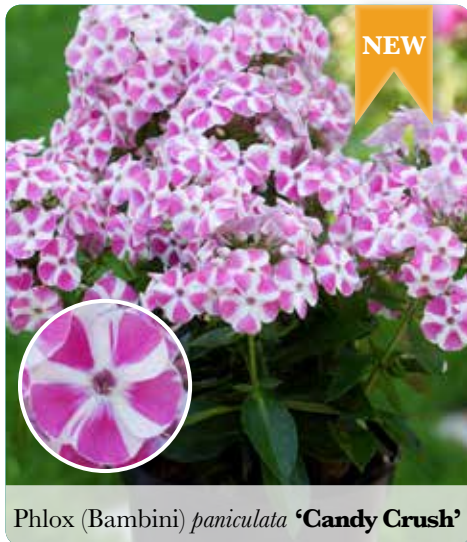

Paeonia 'Claire de Lune'

Paeonia Claire de Lune is a variety with large, white and single-shaped flowers with butter-yellow stamens. They are bright flowers with a slight ripple at the petal edges. This very early flowering Peony carries a fine, sweet scent.

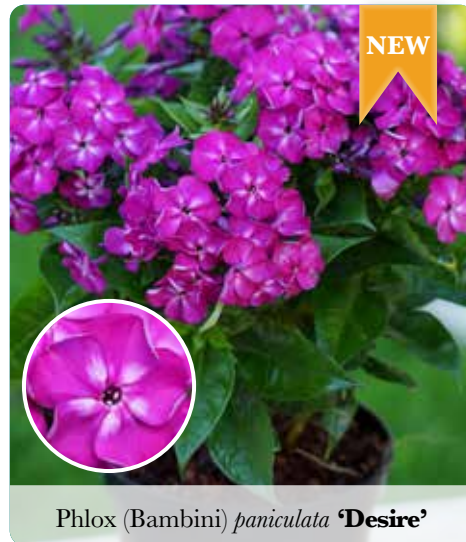

Paeonia (Itoh) 'Canary Brilliants'

Canary Brilliants is one of the new Paeonia itoh species. This flower can change color. Some keep their light-yellow tint, while others also take on beige or purple shades.

Phlox (Bambini) *paniculata* 'Candy Crush'

The Phlox Bambini® series is perhaps one of the most popular Phlox series on the market. The flowers of this variety are two-tone. Pink and white.

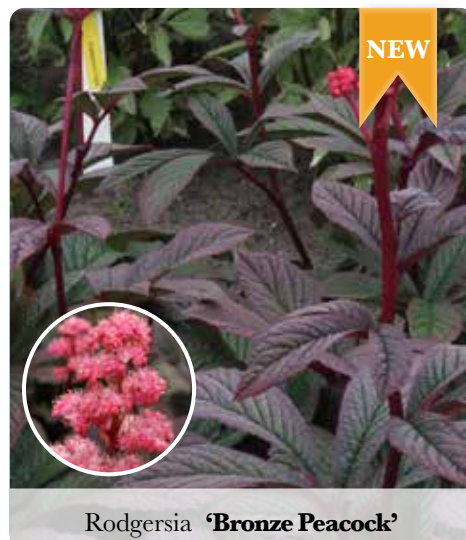

Phlox (Bambini) *paniculata* 'Desire'

The Phlox Bambini® series is perhaps one of the most popular Phlox series on the market. This variety has lilac flowers.

Phlox (Bambini) *paniculata* 'Primadonna'

The Phlox Bambini® series is perhaps one of the most popular Phlox series on the market. This variety has bright pink flowers.

Rodgersia 'Bronze Peacock'

This is the darkest of the Rodgersias with its large hand shaped chestnut leaves. The color is antique bronze-brown, almost metallic and changing with the seasons. In autumn they turn purplish red. It blooms with bright pink plumes in summer.

Salvia *nemorosa* 'Synchro Blue'

Synchro is made for even flowering. The colors pink and blue bloom almost at the same time and the plant structure also corresponds. Ideal to offer as a mix.

Salvia *nemorosa* 'Synchro Pink'

Synchro is made for even flowering. The colors pink and blue bloom almost at the same time and the plant structure also corresponds. Ideal to offer as a mix.

Sedum 'Autumn Charm'

This Sedum variety is a variegated sport of Sedum 'Autumn Joy'.

Canna - Crocosmia

Canna Cannaceae

Outdoors in warm climates or containers in other areas. Plant after the threat of frost has passed.

Full sun or partial shade. Needs to be kept moist.

Mukdenia

Saxifragaceae

 **Zone:**
4a-8b

Nepeta

Lamiaceae

 **Zone:**
4a-8b

 This ornamental plant is often used as a ground cover with several planted together, or as a fall accent plant in woodland gardens or the front of beds and edges of shady borders.

 Mukdenia grows best in afternoon shade in moist, fertile well-drained soil, although it can tolerate full sun in cooler regions, especially where the soil remains moist.

 For the sunny border. Very attractive for cats and butterflies.

 Sun to part shade.
